

Ever Wonder What's in a Day at

FUN COMPANY

▼ The Brentwood Family YMCA serves over 700 children per day in 17 schools in Williamson County. Currently, there are 929 children enrolled in the Williamson County YMCA Fun Company program.

▼ Fun Company staff work closely and continuously with principals, teachers and parents to enhance our programs.

▼ YMCAs collectively are the nation's largest provider of childcare. We provide year-round care, including full day programs in the summer, on holidays and snow days.

▼ Children always come first at the YMCA. We strive to maintain a 1:15 staff-to-child ratio, surpassing the state requirement of 1:20.

▼ We incorporate the character development initiatives of caring, respect, honesty and responsibility in all childcare activities, as a reflection of our commitment to strengthen youth and teens.

▼ Our 60+ staff members receive extensive training through YMCA school-age development programs.

▼ In 2004, the Williamson County YMCA Fun Company gave out over \$103,896 in financial assistance to children and families enrolled in the Fun Company program.

▼ Children participate in a range of hands-on activities, including active games, outdoor play, dramatic play, table games, creative art, building, home living, music, discovery/science, snack time, enrichment/clubs, reading and quiet center, and homework time.
